MONMOUTH COUNTY BOARD OF COUNTY COMMISSIONERS

Thomas A. Arnone, Director

Dominick "Nick" DiRocco, Deputy Director

Susan M. Kiley

Ross F. Licitra

Erik Anderson

Why Recycle?

Municipalities in Monmouth County generate tons of garbage each year. Most of it is transported to the reclamation center in Tinton Falls, where it will stay forever. Special steps are taken to make sure that odor, pests and generated gases are controlled and that fluid run-off does not pollute our groundwater.

Currently, only about 63% of the recyclable items in Monmouth County is recycled. Recyclable items do NOT go to the landfill, which saves money and protects the environment. Recycled items can also be made into new products.

If you live in Monmouth County, the following items must be recycled ***(they are banned from the landfill)***.

SEE CHART (PP. 6-9) FOR INSTRUCTIONS ON WHERE TO RECYCLE.

Mandated Recyclables & Sorting

Glass Bottles & Jars

Food and beverage bottles and are acceptable.

- **DO NOT INCLUDE:** ceramics, dishes, glassware, lightbulbs, windows, caps or lids.

Metal Cans

Aluminum cans, Tin cans and Bi-metal cans (*tin cans with aluminum lids*) are all accepted. Please rinse.

- **DO NOT INCLUDE:** soiled aluminum foil, plates, trays or cookware or any metal scrap
- **LABELS ARE OKAY**

PLASTIC CONTAINERS

Sorting plastic helps produce high-quality recycled products. Manufacturers print a standard code (#1-7) on the bottom of every container. ONLY recycle Types ♳ No. 1 Polyethylene Teraphthalate PET, PETE ♴ No. 2 High Density Polyethylene HDPE detergent bottles, shampoo bottles, milk jugs, cleaning product containers, squeezable tubes (e.g. toothpaste, lotions, sunscreens), or ♵ No. 5 Polypropylene PP margarine tubs, diaper wipe containers, yogurt cups, salad containers can be recycled.

LEAVES & GRASS CLIPPINGS

Most towns collect unbagged leaves in the fall and spring. Grass clippings can be left on the lawn, added to compost or brought to drop off at County Reclamation Center *(landfill)* for a fee.

- **DO NOT THROW LEAVES OR GRASS IN THE TRASH**

Mandated Recyclables & Sorting

PAPER

Such as cardboard shipping boxes (*waffle section between layers*), flattened; Mixed Paper including: chipboard (*cereal boxes*), white/ color paper, junk mail, magazines, softcover books, wrapping paper/non-metallic and Newspapers including inserts are all accepted.

- **SHOULD GO IN TRASH:** grease/food stained cardboard *(pizza boxes)* or waxed cardboard,food wrappers, paper plates cups, napkins, paper towels or items from food/hygiene use, newspaper used for pet waste or household projects.

CAR BATTERIES & MOTOR OIL

A few towns accept these for drop-off, see pp. 10-13. Both are also accepted at Monmouth County's Household Hazardous Waste (HHW) Facility, see p. 14.

HOUSEHOLD BATTERIES

Silver "button" batteries and rechargeable batteries/battery packs (*like those found with power tools, laptops, etc.)* can be brought to the Monmouth County Household Hazardous Waste facility (HHW), see p. 14 or a retail store drop-off, visit www.call2recycle.org for a location near you. A few towns also accept button batteries for drop-off, see pp 10-13.

Regular household A, AA, AAA, C, D, and 9-volt batteries can be thrown in the trash.

"BULK" RECYCLABLES

Most towns have special pick-ups for certain bulky recyclables monthly, once or twice a year. You may also drop them off at your town facility, if they accept these items, see pp 10-13. If your town does not accept these items, you must drop them off at a Private Bulk Waste Recycling Facility (for a fee, see p. 16).

- **ASPHALT, BRICK, CONCRETE**
- **METAL SCRAP (SMALL METAL APPLIANCES, WINDOW FRAMES, ETC)**
- **TREE PARTS; STUMPS AND LIMBS >3" THICK (DIAMETER)**
- **COMPUTERS & TVS (ELECTRONICS) - CAN BE TAKEN TO THE MONMOUTH COUNTY RECLAMATION CENTER**

What Can I Recycle in my Curbside Recycling Bin?

ITEMS THAT ARE ACCEPTED:

Plastic & Glass Containers

Labelled number 1 PET bottles

Labelled number 2 HDPE bottles (detergent type bottles, squeezable tubes (e.g. toothpaste, lotions, sunscreens)

Labelled number 5 PP containers such as:
- Margarine tubs
- Baby wipe containers
- Yogurt cups

Metal Cans

- Aluminum cans, Tin cans, Bi-Metal cans
- Non-Hazardous Aerosol Cans
- Clean Aluminum Foil

Paper & Cardboard

- Cardboard Shipping Boxes
- Mixed Paper including:
  - Chipboard (Cereal Boxes)
  - White and Colored Paper
  - Junk Mail
  - Magazines
  - Soft Cover Books
  - Newspaper including inserts

ITEMS THAT ARE NOT ACCEPTED:

- Ceramics, Dishware, Glassware
- Light Bulbs
- LDPE, Plastic Wrap or Bubble Wrap
- Plastic Bags
- Propane Tanks
- Batteries of any kind
- Electronic waste such as Cell Phones
- Styrofoam
- Food of any kind
- Food Wrappers, Paper Plates, Cups, Napkins, Paper Towels
- Medical waste or Needles

ADDITIONAL TIPS:

- Please keep recyclables clean, dry, and rinse out food residue
- Please keep liquids out of the Recycling Bin

- NO PLASTIC BAGS! KEEP ITEMS LOOSE!

OTHER items you can recycle

These companies/organizations may accept the following items to be converted for another use, refurbished or donated. Call ahead. This list is provided for information purposes only. The County does not endorse any company or organization.

CDs, DVDs, VHS Tapes, Non-Hazardous Solar Panels

MONMOUTH WIRE AND COMPUTER RECYCLING,
3250 Shafto Rd., Tinton Falls, NJ
732-922-3320.

Or, visit www.computerreclamation.com for an address to send them away to be recycled. The service is free but you pay for postage.

Clothing & Shoes

DROP BOXES can be found in parking lots of local grocery stores. See pp 10-13. Sneakers/athletic shoes with synthetic or rubber soles can also be reused.

VISIT NIKE REUSE-A-SHOE
www.nike.com/help/a/recycle-shoes

HELPSY - 246 Industrial Way W., Eatontown - 800-244-6350.
www.helpsy.com

Eyeglasses

COLLECTION BOXES can be found in some local stores, such as Walmart Vision Centers. Local Lions Club's accept eyeglasses.

Hearing Aids

STARKEY HEARING FOUNDATION
(http://www.sotheworldmayhear.com)
recycles any make or model of hearing aid, no matter how old. LION'S CLUB also accepts hearing aids.

Shrink Wrap

MCC SERVICES, Cranbury NJ, 732-605-0002
MR. SHRINK WRAP OF NJ 856-858-6610

Furniture/Usable Household Goods—Pick Up Service

Charitable organizations make regular pick-ups from homes in Monmouth County. Call to make arrangements; they reserve the right to reject items in poor condition.

BIG BROTHERS, BIG SISTERS 877-336-8828
CATHOLIC CHARITIES 800-360-7711
SALVATION ARMY 800-728-7825

Laser Toner Cartridges

LASER SAVE
843 Rt. 33, Suite 11, Freehold
732-431-3339

Styrofoam Packing Material

(Rigid foam only, no "peanuts")
Middletown Recycling Center
52 Kanes Lane
Middletown, NJ
732-615-2090
**Accepts all Monmouth County Residents*

Tires

ABSOLUTE AUTO, Middlesex
732-469-2202
MAZZA RECYCLING Neptune Twp.
732-774-4100
CARBON SERVICE, CORP
610-377-3120
CASINGS, INC. OF NJ Hillside
908-851-7766
MAZZA RECYCLING Tinton Falls
732-922-9292
RED BANK RECYCLING Red Bank
732-747-7779
FREEHOLD CARTAGE Rt. 33 Freehold
732-462-1001

Residents Only: Drop off up to 8 Tires, max. 18" without rims at the Monmouth County Reclamation Center, Tinton Falls, see p. 15.

Disposing of Hazardous Items

Many of the following hazardous items are also banned from the Monmouth County landfill. Because they can be dangerous, they may require disposal at a special facility.
See chart (page 7) for where to dispose of hazardous items.

Ammunition, Fireworks, Gunpowder, Boat Flares *(Shotgun type)*
Call your local Police Dept.

Appliances with Freon
(Refrigerators, Air Conditioners, Humidifiers)
Check Municipal Drop-Off Locations on pp. 10-13 to see if your town accepts OR call a Private Scrap Metal Facility p. 16. *If you are purchasing a new freon containing appliance, make sure the company hauls away your old model when delivering the new one.* Visit: http://www. NJCleanEnergy.com for refrigerator disposal. Rebates are offered.

Asbestos *(Shingles, Siding)*
Follow proper handling and transport procedures. Breaking/crushing asbestos releases dangerous fibers into the air. Kept intact, it is less harmful. Call the Monmouth County Reclamation Center 732-683-8686 Ext. 5601 for handling instructions, and to schedule a drop off appointment.

Hazardous Chemicals
Many types are accepted at the Monmouth County Household Hazardous Waste facility (HHW), see p. 7.

Medical waste *(sharps, non-regulated)*
Home medical waste generated through home self-care is not Regulated Medical Waste. Home health care persons who use needles and syringes must render them inoperable and must place them in a rigid plastic container. Alternately, the resident has the option of putting the rigid container in the regular trash for pick up by a solid waste hauler. The container also must be of sound quality and clearly labeled, and should not pose any threat to solid waste personnel who may handle it. Additionally, any blood stained medical waste generated by a home health care individual must be double bagged in regular trash bags and sealed. **Please tape the top of container.** You may also wish to contact: STERICYCLE 866-783-7422

Oxygen/Helium/BBQ Propane Tanks
Linde Gas 1240 Rt. 33 Farmingdale 732-938-7165
Seaboard Fire & Safety Equipment
2112 Kings Hwy., Ocean Twp. 732-493-8100
The tanks should be in fair/good condition (*no holes -otherwise they become scrap metal).* Any markings on container must be legible. They will accept with or without gas. They will accept with or without valve

Propane Tanks
Many types accepted (valve attached) at the Monmouth County Household Hazardous Waste (HHW) facility, p. 14 ; OR, call a Private Scrap Metal Facility, p. 16.

Smoke Detectors
HHW accepts only Kiddie. All others must contact the manufacturer to find out how to dispose.
KIDDE (Can go in trash - remove batteries) - www.kidde.com
FIRST ALERT - Contact www.firstalert.com for models

Carbon Monoxide Detectors
Can go in trash after removing battery

LIGHTBULBS - LEDs
Most households are now using LEDs. The electrical current passes through a microchip, which lights up tiny LEDs. LEDs do not contain hazardous chemicals, so it is safe to throw them away in the trash can.

LIGHTBULBS - CFLs
CFLs (Compact Fluorescent Lamps/Lights) that contain a small amount of mercury in the curlicue tube. Fluorescent tube bulbs (overhead lighting) also contain mercury. If you've ever dropped one you will recognize the 'pop' and puff of vapor that results. That puff of vapor contains mercury, which is a toxin and environmental contaminant. Because most of the mercury can be recovered if the bulb is intact, recycling is the responsible way to dispose of burned-out CFLs (and tube fluorescent bulbs). Bring them to the return counter at your local Lowes or Home Depot. Fluorescent bulbs from residents can be disposed at the Monmouth County Household Hazardous Waste facility (HHW), see p. 8.

If You Break a CFL Bulb
1. Open a window and leave the room for at least 15 minutes so vapors can disperse.

2. Wear disposable latex gloves, carefully scoop up fragments and powder with stiff paper or cardboard. Then wipe the area clean with a damp paper towel or disposable wet wipe. Use sticky tape to pick up small pieces and powder. (Do NOT use a vacuum cleaner for the initial cleanup; that will disperse any remaining mercury vapor in the air and leave particles in the bag.)

3. Place all cleanup materials and gloves in a plastic bag and seal it in two plastic bags and put it in the outside trash. Wash your hands.

4. The first time you vacuum the area where the bulb was broken, remove the vacuum bag when you're done cleaning (or empty and wipe the canister). Put the bag and/or vacuum debris, as well as the cleaning materials, in two sealed plastic bags and put in the outdoor trash for normal disposal.

Tanks purchased prior to 1998 DO NOT have overfill valves and must be recycled. Many retailers (gas stations, home improvement centers, etc.) offer credit up to $20 when you trade in an old tank.

Composting IS Recycling

Composting is a process that occurs when you separate out your kitchen vegetables and yard waste at home, and place it into a special pile so that it that breaks down into a natural, soil-like product that can be used as fertilizer.

Size: 80 Gallons (33x33x33)

STEP 1: *Choose the Right Materials*

- Vegetable & Fruit Scraps
- Tea Bags
- Coffee Grounds & Filters
- Egg shells
- Peanut and Nut Shells
- Sawdust
- Dust/Lint
- Nail Clippings
- Human Hair
- Hay/Straw
- Feathers
- Paper
- Weeds*
- Fabrics *(cotton, silk)*
- Bark
- Wood Ashes
- Corn Cobs
- Horse/Chicken/Cow Manure
- Leaves *(save in fall for spring!)*
- Garden Clippings
- Stalks and Stems
- Vines
- Grass.

*No aggressive weeds or weeds gone to seed

Do NOT Compost: Meat/Poultry/Fish • Fats/Oils • Bones • Dairy Products • Plastics or Synthetic Fibers • Pet Waste *(meat eating pets)* **IN GENERAL, NO ANIMAL PRODUCTS OR DAIRY**

STEP 2: *Select & Prepare a Site -*

Choose a place in your yard that is convenient *(sunny or shady will do)* and fashion some type of area or enclosure for your pile

- Purchase a ready-made bin from a home center or garden supplier.

STEP 3: *Add Your Compost Materials*

- Layer dry *(leaves),* and moist *(grass, kitchen scraps)* in a 1:1 ratio.
- Add enough water to keep the compost heap moist, but not soggy.
- Provide adequate ventilation. To increase air circulation, turn the compost with a pitchfork at least once a month *(helpful but not absolutely necessary*). You can also push rods or poles through the heap and then remove them, leaving channels through which air can pass, or insert hollow, perforated poles.
- As the compost materials decompose, they create heat. This is natural, and when the pile is turned, you will be able to feel the heat.
- If your compost pile is properly prepared, contains no animal fats and is turned regularly, it will not attract pests or create odors.

STEP 4: *Check Whether the Compost is Ready*

- Decomposition will occur in as little as 6 weeks, depending on the materials in the pile, the size of the pile and how often it is turned. A "lazy" composter will still get compost—it will just take longer (10-18 months). The compost is ready for use when it is dark brown, and when the materials have broken down into small or fine particles.

STEP 5: *Use the Compost*

- Sift through the compost and set aside the decomposed materials, returning the rest to the pile. Apply the decomposed matter to your garden in a layer about 1 to 3 inches thick. As you apply the compost, turn and mix it with the soil. It is best to apply no more than one pound of compost per square foot of soil.

Note: Compost Bins are available for sale. Contact the Monmouth County Recycling Division at 732-683-8686 Ext. 8967 for information.

RECYCLING PROGRAMS IN YOUR TOWN

- Tired of Litter in Your Town? Monmouth County Clean Communities will supply your clean-up team with: bags, safety vests, and litter sticks. We will also haul away your collected garbage and pay for its disposal. All you have to do is provide the volunteers. 732-683-8686 x5402
- Recycling Presentations in Your School, CLUB OR ORGANIZATIONS. Presented by staff from the Recycling Office. Topics include: recycling, composting, careers in the environment. 732-683-8686 option 1

MONMOUTH COUNTY CLEAN COMMUNITIES

TIRED OF LITTER??

On Your Roads? In Your Neighborhoods?
On Your Public Lands? In Your Watersheds?

MONMOUTH COUNTY CLEAN COMMUNITIES CAN HELP!

WE CAN ASSIST YOU TO COMBAT LITTER BY SUPPLYING:

Bags • Safety Vests • Litter Sticks • Removal of Litter in our vehicle and WE cover all dosposal costs...$$$

All you do is provide us with volunteers from your organization.

OR

Join the County "Adopt A Road" program and we will provide all of the above. Plus, a permanent sign identifying your organization.

Monmouth County Clean Communities

The Monmouth County Clean Communities program is part of a state-wide, comprehensive litter-abatement program established by the Clean Communities Act of 1986. The program has three goals: education, enforcement, and litter cleanup.

Reporting Illegal Dumping

NJDEP has the following two methods for reporting environmental incidents such as illegal dumping:

- **NJDEP's mobile application, WARN NJDEP**
- **GPS technology pinpoints the location of environmental incidents and allows users to submit photos as part of their reports to the NJDEP.**

WARN NJDEP

Call the DEP Hotline
1-877-WARN-DEP
1-877-927-6337

Some of the Top Littered Items

- Cigarette butts
- Candy/snack wrappers
- Bottle caps
- Non-container plastic pieces
- Beer containers
- Plastic grocery bags
- Water bottles
- Cups
- Construction materials
- Straws/wrappers/stirrers

NO PLASTIC BAGS OF *Any Kind!*

DO NOT put plastic bags of any color in the recycling can! Plastic bags can be brought to local grocery stores for recycling. Plastic bags are great for reuse.

What items can go in the recycling container?

PLASTIC BOTTLES*

#1, #2 & #5

GLASS BOTTLES

TIN / ALUMINUM

CARDBOARD

MIXED PAPER

NEWSPAPER

To learn more about Monmouth County Recycling: Call 732-683-8686, option 1 or ext. 8967 with questions. www.visitmonmouth.com/recycling

Monmouth County Reclamation Center

6000 Asbury Avenue, Tinton Falls, NJ
Telephone: 732-683-8686

HOURS OF OPERATION

Monday-Friday: 7 a.m. - 3:30 p.m.
Saturday: 7 a.m. - 12 p.m.

Closed on Sundays, New Years Day, Thanksgiving, Christmas Day

Closes at Noon on Memorial Day, Independence Day, and Labor Day

Solid waste is not accepted from out-of-county routes.

- Tarps are required for all open loads *(enforced by police).*
- Asbestos accepted by appointment only M - F 7 a.m. - 12 p.m.
- Tires may not be mixed with other materials *(added Surcharge).*
- All vehicles charged on actual tonnage or part thereof.

DUMPING PERMITS

Are not required for any car or truck with a gross vehicle registered weight (GVRW) of 9,000 pounds or less, or 16,000 pounds combined maximum GVRW for a vehicle pulling a trailer, which is dumping personal waste.

All others, including vehicles less than 9,000 pounds that are hauling others' waste must secure a State DEP permit before dumping.
THE LANDFILL CANNOT SELL YOU THIS NJ STATE PERMIT!

Applications for "self-generators" are available from the County Solid Waste Enforcement Office at the Reclamation Center (732-683-8686 x5658).

State Police Investigation (A-901) is required for those collecting/disposing of others' waste (additional fees and waiting period involved).

General hauler registration questions may be directed to the NJDEP (609-341-5475).

TARIFF SCHEDULE AND REGULATIONS *Effective March, 2026*	TIPPING FEE	TAXES	TOTAL CHARGE
